Content:

Platform Relevance - Red Hat + ISV/IHV/OEM Partners

Technology Focused - Find what you need for the systems and tools you work with

People Focused - Find other developers who share common interests, to learn together, support each other, spark new projects

Best of Open Source Developers - Recipes, tutorials, best practices, general concepts, specific how-tos, forums, and mailing lists

All Aspects of Development - Designing, Architecting, Programming, QA, Release, Documenting, Localizing, Managing

Collaborate:

Tools that you already use - blogs, del.icio.us, technorati, etc.

Layers of tools - the more that you want, the more we'll have

We are enabling developers and all readers to:

- Highlight and provide content

- Bring new voices into the community

- Start their own projects: content, collaboration, or ...?

- Make their own personal space - you.108.redhat.com

you.108.redhat.com
